WELDON[®] PAINTS

Weather Shield Plus *For Exterior Walls*

Exterior Walls are susceptible to tiny hairline cracks, as they cure and dry. As a result of extreme changes in the weather, rain and moisture can seep in through these cracks and cause serious damage. Weldon Weather Shield is a super premium exterior paint that give your home ultimate protection, keeping it beautiful and looking new for a longer period of time.

Unique Dependable Technology allows the paint film to stretch up to 6x more than standard premium exterior wall paint, covers and prevents resurfacing of hairline cracks so rain and moisture cannot seep in and damage the wall.

Colourlock retains colours vibrancy so walls will always appear bright and fresh.

Keep Cool Technology reflects heat from sunlight reduce exterior wall surface temperature by up to 5°C

Advanced Algae & Fungus Guard with Smart Release Technology protects 2x longer against algae and fungus

Alkali Guard Molecules are strongly bonded together giving superior protection from alkali attack

Dirt Guard resists dirt and dust from setting on the surface to maintain clean and fresh walls.

WELDON[®] PAINTS

Weather Shield Plus

For Exterior Walls

Weldon Weather Shield Plus is a high quality 100% Acrylic based weather paint for new and previously painted interior & exterior surface such as brick work, plaster and cement rendering.
